

The technology to easily manage your compliance is finally within reach.

Automate and streamline compliance activities to ease the management burden on your credit union

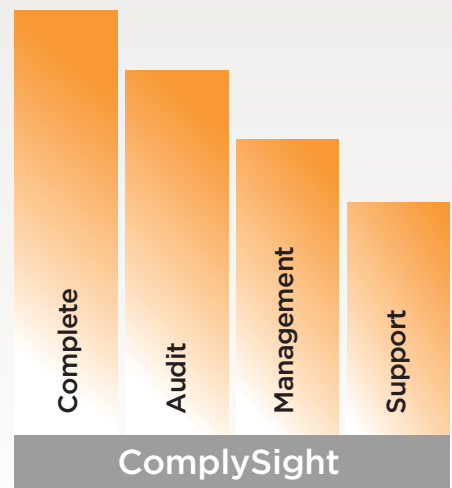

With ComplySight, a web-based management and tracking tool, compliance is managed and monitored from a centralized resource serving as your credit union's universal, one-stop compliance tool.

Providing visibility, tracking and reporting for compliance activities as well as auto-generated rule change notifications, ComplySight allows credit unions to address compliance initiatives through a single application making it an essential tool to maintaining compliance.

Available exclusively from PolicyWorks®: Custom ComplySight Packages

Leverage PolicyWorks' experienced compliance staff for a custom ComplySight experience. Choose one or more of the following packages starting at \$1,250.

For more information on custom ComplySight packages and pricing, contact PolicyWorks at 866-518-0209 or regulatory@policyworksllc.com.

Custom ComplySight Packages from PolicyWorks®

At PolicyWorks®, we understand the challenge credit unions continue to face in meeting compliance demands. That's why we created a solution combining technology with our staff of experienced compliance professionals.

Choose from one or more packages combined with the on-line compliance management tool, ComplySight, and let PolicyWorks help make compliance easy for your credit union. Packages starting at \$1,250.

COMPLETE.

Inclusive of all custom ComplySight packages—Audit, Management and Support—your credit union receives the most robust compliance support from PolicyWorks. With the Complete package, you can rest easy that your credit union will be, and stay, in compliance.

AUDIT.

Our staff will provide annually required audits—Bank Secrecy Act (BSA) independent testing, Automated Clearing House (ACH) and SAFE Act. Also, we will audit your credit union's consumer and real estate lending programs.

MANAGEMENT.

PolicyWorks' staff works hand-in-hand with your credit union to help monitor and maintain compliance in key areas of compliance risk utilizing ComplySight.

SUPPORT.

Receive onboarding, training and support as your credit union implements and utilizes ComplySight. Basic, functional support for the ComplySight tool will be provided on an ongoing basis.

PolicyWorks is a national leader in credit union compliance solutions, providing services to more than 600 credit unions. PolicyWorks has the resources, vision and experience necessary to help clients resolve their most challenging compliance issues. For more information, visit www.policyworksllc.com.
